CEU Report Form

.

The purpose of recording CEU's: to encourage every full member in the FMCiC to pursue the core value of life long learning

Guide:
One CEU = 24 hours of contact time in an identified growth area.
Five CEU's are required over five years in identified growth areas.

Example 1: (1 day conference) + (2 day conference) = I CEU
(Because three days in conferences is about 24 hours of contact time.)

Example 2: (A 3 day conference) = 1 CEU
(Because a three day conference is about 24 hours of contact time.)

Example 3: (A self directed activity that addresses an identified growth area that takes the equivalence of three days work) = 1 CEU
(Because it addresses a growth area that may not be addressed by a course or a conference)

What to report:

1. Please report only your completed CEU's. (If you need more than one event to meet the requirement, wait until you have accumulated the necessary events before reporting.)
2. Report in only 1 or 2 times per year, or less! (You may get 2 or 3 CEU's in one year and none in another.)
3. You keep track and decide when the hours are sufficient. We do not add up your hours towards a CEU.

Date	CEU Event	# of CEU's
